Thank You to SnapHappy

It is with happiness (and a touch of sadness) that we will be saying a fond farewell to our beloved Ada & Doug Stevens with SnapHappy Photos as they relocate to Charlotte, NC to be closer to family while beginning a new chapter of their business and lives.

Ada was introduced to us as a valued BNI member at BNI Referral Professionals, and became a vital partner as our events photographer on the BNI Regional Events Team. It is safe to say that Ada's helped us and our members to become positively visible in the community with her great eye over the past 7 years. Beyond that she saw to it that our Facebook page was always updated with our most recent pictures of you networking, building relationships, and having fun while making a difference.

Please join me in wishing Ada & Doug the very best on their next adventure, and be sure to introduce them to any quality people you might know in the Charlotte, NC area. We have already made the introduction to BNI HQ, and that will have endless possibilities!
